# My Christmas Decorations to Color and Cut Out

Ornaments for the tree, a pennant banner, gift tags, a Christmas card and a reindeer headband.

Hi, I'm Ludik! This year, how about a tree full of homemade ornaments? With Santa, the little reindeer, the elf and the Christmas tree, I made everything you need to color, cut out and hang. Print only the pages your little one will love.

## What you'll need

- crayons or markers
- kid-safe scissors with blunt tips
- a glue stick
- string, yarn or ribbon
- a hole punch (or a grown-up and a pencil)
- a bit of tape

## Which craft for which age?

### Preschool

**AGES 3 TO 4 · GROWN-UP CUTS**

Color the ornaments and the pennants, then help hang them up.

**Pages 2, 3, 5 and 6**

### Kindergarten

**AGES 5 TO 6 · SAFETY SCISSORS**

The gift tags, the reindeer headband and the ready-to-hang color ornaments.

**Pages 4, 7, 10 and 11**

### Big kids

**AGES 6 TO 8 · GRADES 1-2**

Almost on their own: the folded Christmas card and the design-your-own page.

**Pages 8, 9 and 12**

**Ludik's golden rule:** kid-safe scissors, sitting at the table, with a grown-up close by. Under age 4, the grown-up does the cutting and the hole punching, and your little one colors, glues and hangs. Keep string and small paper scraps away from babies and toddlers.

**Printing tip:** US Letter, at Actual size (100%). White cardstock (65 lb) holds up best on the tree, but regular printer paper works too. Only pages 1 and 4 are in color. Folded, the card from pages 8 and 9 measures about 7 x 4 in and slips into a standard 5 x 7 envelope.

# My reindeer headband

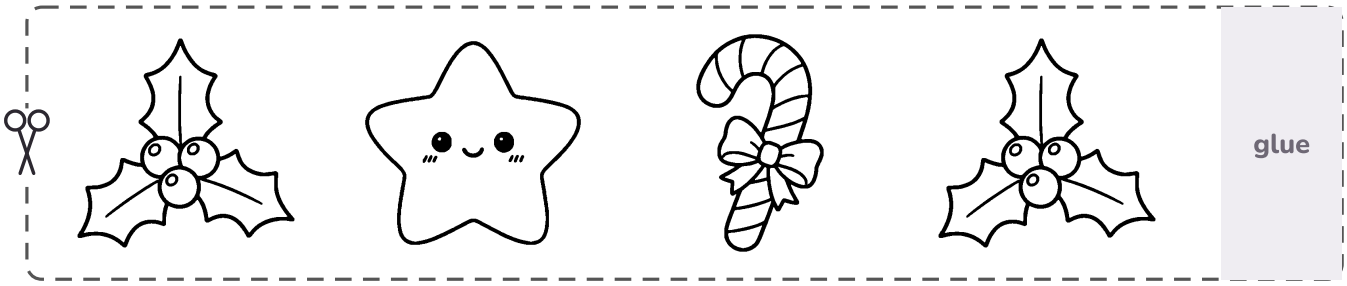

Color the face and both antlers, then cut them out **along the thick black line**. The headband strips are waiting on page 11.

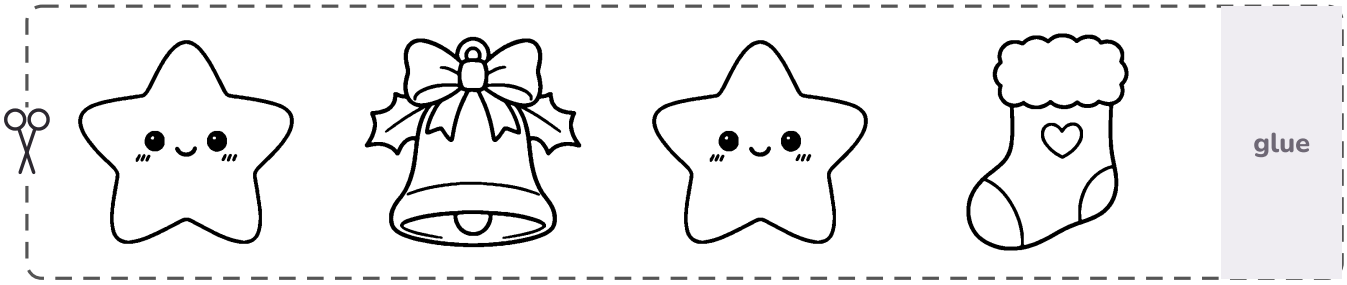

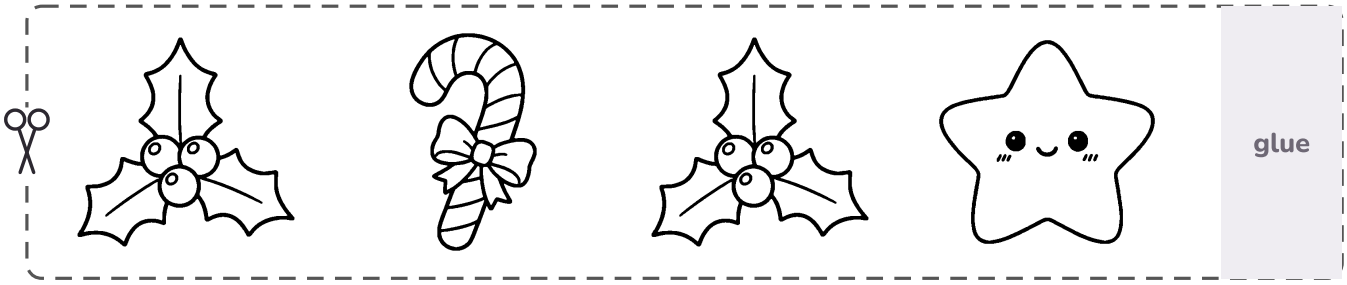

**How does it go together?** One antler on the left, one on the right, with the bottom of each antler tucked behind the band on each side of the face. The reindeer's face is glued on the front, in the middle. All the steps are on page 11.

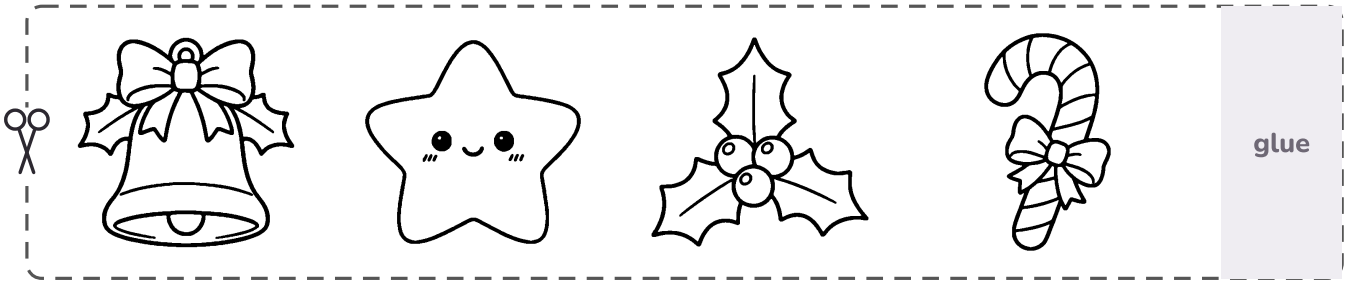

# My headband strips

Color and cut out the 4 strips. Glue them end to end on the gray tabs to make one long band.

**1**

Color the face, the antlers and the 4 strips.

**2**

Cut everything out. For little ones, a grown-up does the cutting.

**3**

Glue the strips end to end, wrap the band around your head and close it with tape. Too long? Trim it.

**4**

Glue the face on the front, then one antler on each side, behind the band.
